

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

DEPARTMENT OF WAR

May Receive a Thorough Overhauling Regarding the Cuban War.

GEN. ALGER'S REQUEST

Asked the President to Order an Investigation of His Office—Joined in His Plea by Adjutant General Corbin—Secretary Thinks It Would Do Much Good. President Undecided.

Washington, Sept. 9.—Secretary Alger has requested the president to order a thorough and searching investigation of the war department. In this request the secretary has been joined by Adjutant General Corbin.

No decision has yet been reached by the president as to what course he will pursue. He has the request of Secretary Alger under consideration, but has not yet determined whether he will grant it or not.

Secretary Alger had a long conference with the president last night before leaving the city and impressed upon him his earnest desire that an investigation, such as he had requested, be ordered. The question was thoroughly discussed in all its phases. Secretary Wilson participated in the conference and General Corbin was present during a greater part of the time.

It seems now not unlikely that the investigation will be ordered, but it is the wish of the president to further consider the matter before announcing a definite policy.

The question probably will receive consideration at the cabinet meeting today. While all of the members of the cabinet are not in the city, Secretaries Alger and Long and Attorney General Griggs being among those who will not be present at the meeting, it is said to be the wish of the president to take up the whole subject with those of his advisers who may be there.

Should the investigation be ordered, it will include, probably, all matters relating to the conduct of the war, so far as they concern the war department.

Secretary Alger expresses himself as confident that such an investigation, if conducted promptly and thoroughly, will result in much good.

BACK FROM PORTO RICO.

General Miles, With His Wife, Arrives in Washington.

Washington, Sept. 9.—Major General Nelson A. Miles, commanding the army of the United States, accompanied by Mrs. Miles and Colonel Mauss and Colonel Michler of his staff, arrived here from New York last evening. General Miles and party came by the Pennsylvania railroad in a private car attached to the regular west bound train. They were met at the station by Major Black, a member of General Miles' staff and Captain Morton, chief clerk in the office of the commanding general.

In anticipation of the arrival of General Miles, several hundred people had assembled at the station. A cordon of police officers opened a way through the crowd from the wicket gate, through which the distinguished party passed from the platform into the station, to the carriage, which stood in waiting at the main entrance.

As General Miles passed through the crowd in the station his hands were grasped a score of times by enthusiastic men and women. He gave a cordial greeting to all and, as he and Mrs. Miles and Colonel Michler stepped into the carriage, the crowd burst into cheers.

While expressing his gratification at the successful termination of the war

and his pleasure at once more being at home, General Miles said he had nothing to say at this time in addition to the statement given to the press by him in New York.

From the Pennsylvania station General and Mrs. Miles were conveyed directly to their residence.

General Miles resumed his duties at the headquarters of the army in the war department this morning and availed himself of an early opportunity to pay his respects to the president.

The tension over General Miles' criticism of army methods is gradually subsiding, and in high official quarters the belief is expressed that no official attention will be paid to the criticisms. In view of much loose conjecture over the imminence of a court-martial or court of inquiry for the trial of General Miles, it can be stated positively that those in authority have not, up to the present time, determined upon any such course of action, nor have they felt that such steps would be conducive to the best interests of the public service.

Leaving Chickamauga.

Chickamauga, Ga., Sept. 9.—Only five regiments of the great volunteer army mobilized at Camp Thomas remain in camp here and two of these will be gone by tomorrow. These regiments are the Second Kentucky, Second Arkansas, Ninth New York, Third United States volunteer cavalry (Captain Grigsby's rough riders) and the Sixth United States volunteer infantry (immunes.) The First Arkansas infantry left yesterday for Little Rock and the First Mississippi for Landerdale Springs. The Ninth New York will go tomorrow to be mustered out. The rough riders will be paid and mustered out here. The Sixth United States volunteer infantry will remain here as a guard to the government property at the park.

Six Cases of Yellow Fever in the Fifth Regiment at Santiago.

Santiago de Cuba, Sept. 9.—Six cases of yellow fever have developed in Colonel Sargent's Fifth immune regiment. The cases have been watched closely for several days and in the opinion of Colonel Havard, chief surgeon of the military department of Santiago, the diagnosis is unmistakably correct.

The victims have been sent to the yellow fever hospital and a strict quarantine has been established against the regiment, which is encamped on the hills along the Morro road, about two miles south of the city.

There is a great deal of sickness in this regiment but in the opinion of the surgeons, no more yellow fever. All the other regiments now doing garrison duty are in fairly good health.

Dropping His Pistol.

Williamstown, Ky., Sept. 9.—Alfred Hawkins, a colored man, was shot and instantly killed in W. T. Simmons' drug store by G. F. James, a white man.

The killing was entirely accidental. Hawkins was working for Simmons, and several persons were sitting around telling stories and making considerable noise, when Hawkins turned to James and said: "You are making too much noise." James made a movement as if to get up, when his pistol dropped from his pocket to the floor and exploded. The bullet, narrowly missing white man sitting by him, passed directly through Hawkins' head, killing him instantly. James is almost crazed with grief over the affair.

London, Sept. 9.—The stars and stripes were raised yesterday with the British union jack and the royal standard on the marquee erected on Salisbury plain during the march past of the troops at the end of the army manoeuvres, as a compliment to Colonel Alfred H. Bates, the United States military attaché, Henry White, secretary of the United States embassy, and Mrs. White, who went there by a special train with Lord Wolseley, the commander-in-chief of the British forces, Prince Christian, the Duke of Connaught and other notabilities. The foreign military attaches seemed to be surprised at the sight of the American flag.

The number of adult and yearling fishes and fry eggs distributed in public and private waters or transferred to the state authorities was over 800,000,000, of which by far the largest number represented important commercial species, like the shad, cod, white fish, salmon, flat fish, lake trout, herring, pike, perch and lobster. New Haven, Ky., Sept. 9.—Richard Crady, Jr., was crossing Rolling Fork creek at Burnt Lick fork, near here, and did not know the water was high. Crady swam back, but could not assist his wife or children, who were washed down with the vehicle. He managed to swim ashore exhausted. The bodies were carried some distance down the creek. The horses were also drowned.

While expressing his gratification at the successful termination of the war

In the old frontier days hundreds of pioneers were afflicted with a disease known as dysentery, which was caused by the use of these medicines. There are thousands of men to-day who are being slowly tortured to death at the stake of disease. Their bodies cry out but in a language that only the sufferer themselves can hear. When a man is suffering in this way his body cries out with an aching head, a sluggish body, muscles that are lax and lazy, a brain that is dull, a stomach that disdains food and nerves that will not rest. A wise man will heed these warnings and will resort to the right remedy before it is too late. Dr. Pierce's Golden Medical Discovery makes the appetite keen and hearty. It invigorates the liver. It promotes the natural processes of secretion and excretion. It makes the digestion and assimilation perfect. It purifies the blood and fills it with the life-giving elements of the food. It cures of per cent. of all cases of dysentery, weak lungs, bronchitis, lingering coughs and kindred ailments. Found at all medicine stores. Accept no substitute that may be represented as "just as good." The "just as good" kind doesn't effect cures like the following:

"Twenty-five years ago eight different doctors told me that I would live but a short time, that I had consumption and must die," writes Geo. R. Cope, Esq., of Myers Valley, Pennsylvania. "I finally commenced taking Dr. Pierce's Golden Medical Discovery and am still in the land and among the living."

Don't suffer from constipation. Keep the body clean inside as well as outside. Dr. Pierce's Pleasant Pellets cure constipation and nervousness. They never gripe. All good dealers have them.

FROM THE KLONDIKE

Eight Disappointed Miners Arrive at Vancouver, B. C.

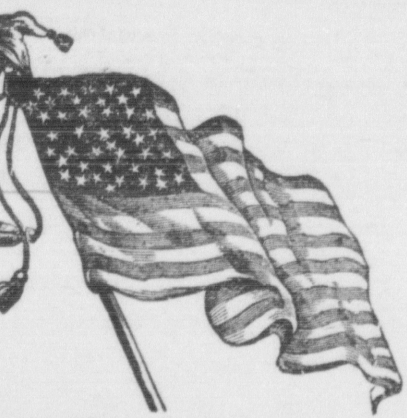

Vancouver, B. C., Sept. 9.—With eight disappointed miners and no gold the little steamer Fastnet has arrived from St. Michaels. She had on board the crew of the wrecked sternwheeler Mara. The captain of the Fastnet said: "There will be no scarcity of provisions in Dawson this winter, as a lot of goods have gone in. The water has been at a fairly good stage and the river boats have made better time than any previous year."

The Garonne was at St. Michaels when the Fastnet left there. She arrived safely with her tow, the Reindeer, but lost the barge she had in tow. This was from Seattle, and contained 80 tons of provisions.

H. T. White, Retter's correspondent, who is here enroute to London after having spent several months in the Klondike, says the gold country is all right, but the regulations are far from being so. He says that Dawson has this year been visited by the most prominent mining experts in the world, and they all condemn the regulations on the Canada side.

VEHICLE UPSET.

Wife and Two Children Drowned—Husband Escaped.

New Haven, Ky., Sept. 9.—Richard Crady, Jr., was crossing Rolling Fork creek at Burnt Lick ford, near here, and did not know the water was high. He was in a surrey with his wife and two children and they were soon in deep water. The swift current caused the horses to lose their feet and, in struggling to swim, they overturned the surrey. Crady swam back, but could not assist his wife or children, who were washed down with the vehicle. He managed to swim ashore exhausted. The bodies were carried some distance down the creek. The horses were also drowned.

Adjutant General Collier Resigns.

Frankfort, Ky., Sept. 9.—Adjutant General Daniel R. Collier resigned yesterday afternoon and Governor Bradley appointed Colonel Wilbur R. Smith of Lexington to succeed him. General Collier and Governor Bradley both state the resignation was because Collier desired to look after private business.

DROPPED HIS PISTOL

And a Bystander Was Fatally Shot Through the Head.

Williamstown, Ky., Sept. 9.—Alfred Hawkins, a colored man, was shot and instantly killed in W. T. Simmons' drug store by G. F. James, a white man. The killing was entirely accidental.

Hawkins was working for Simmons, and several persons were sitting around telling stories and making considerable noise, when Hawkins turned to James and said: "You are making too much noise." James made a movement as if to get up, when his pistol dropped from his pocket to the floor and exploded. The bullet, narrowly missing a white man sitting by him, passed directly through Hawkins' head, killing him instantly. James is almost crazed with grief over the affair.

STARS AND STRIPES

Raised Beside the Union Jack at the British Military Manoeuvres.

London, Sept. 9.—The stars and stripes were raised yesterday with the British union jack and the royal standard on the marquee erected on Salisbury plain during the march past of the troops at the end of the army manoeuvres, as a compliment to Colonel Alfred H. Bates, the United States military attaché; Henry White, secretary of the United States embassy, and Mrs. White, who went there by a special train with Lord Wolsley, the commander-in-chief of the British forces; Prince Christian, the Duke of Connaught and other notabilities. The foreign military attaches seemed to be surprised at the sight of the American flag.

Veteran Falls From a Train.

Williamstown, Ky., Sept. 9.—James A. Dunn, a prosperous farmer of this county and a member of Thomas Runkel post, G. A. R., fell off a train and was killed at Blanchet, 10 miles south of here. He had been to Cincinnati attending the G. A. R. reunion and was on his way home.

NEW PARTY IN SPAIN

Is Assuming Great Importance and Meets Approval of the Press.

GEN. POLAVIEJA'S PLAN

He Proposes to Reorganize the Government From Financial and Political View Points—Why Nomination of Peace Commissioners Is Delayed—End of Sagasta Ministry May Be Near.

Madrid, Sept. 9.—General Polavieja's new party is assuming the greatest importance. His programme has met with the warm approval of the great newspapers, particularly El Imparcial, El Herald and El Nacional.

El Nacional until lately had supported General Weyler, but it will rally now to General Polavieja, who proposes a reorganization of Spain from the financial and political view points.

It is understood that General Polavieja decided to organize a new party after several conferences with a "high per-

GENERAL POLAVIEJA.

sonage," who, however, has not interfered directly in the formation of the party. His manifesto is now under consideration. If the military censor refuses to grant an exequatur, the manifesto will be read in the chamber of deputies.

The general conviction is that as soon as the treaty of peace is signed the Sagasta cabinet will resign and be replaced by either a Silva or a Polavieja ministry. The speech of Count D'Almenara in the senate has greatly excited the military party, whose hot espousal of the cause of their Cuban comrades threatens to make trouble.

Senor Sagasta said last evening: "The nomination of the peace commission is delayed because the commission is ought to have the full confidence of the government, but who can say who will be in power a month hence?"

ESTERHAZY

Paris La France Claims That the Count Has Suicided.

Paris, Sept. 9.—La France, the authority for the Esterhazy suicide story, asserts that the police have confirmation evidence of its correctness. It is impossible, as yet, to ascertain positively, but the best sources of information discredit the rumor. There is, however, considerable mystery about Esterhazy's movements. He is variously reported as at London, Ostend and other points. The net is closing around him.

Some of the papers are publishing circumstantial details of a confession he made in the presence of witnesses, that he was the author of the memorandum on which Dreyfus was condemned, the Borchers.

Well founded rumors are current that the late Colonel Henry revealed the name of his accomplices in the forgery. It is also asserted that both the embassies concerned have given renewed assurances that all the alleged letters and documents in the Dreyfus dossier are clumsy forgeries.

In any event Esterhazy is risking arrest by evading a summons to wait upon the police commissary, who is investigating Prince Christian Esterhazy's charge of embezzlement.

Maitre Labon's request for the temporary release of Colonel Picquart will probably be granted today.

The minister of war, General Zurlinden, has given permission to Major Pady du Clam to prosecute for libel various journals which have charged him with being the instigator of the Henry forgery and the accomplice of Esterhazy, in concocting the Borchers.

Le Journal this morning says Esterhazy spent yesterday at Marseilles returning last night to Paris.

COL. J. A. SEXTON.

Elected Commander-in-Chief of the G. A. R. and Hails From Chicago.

Cincinnati, Sept. 9.—Colonel James A. Sexton of Chicago, was yesterday elected commander-in-chief of the G. A. R., receiving 424 votes against 241 for A. D. Shaw of New York. No other names being presented.

Colonel James A. Sexton was born in Chicago, Jan. 3, 1841. When Lincoln issued a call for 75,000 volunteers, Colonel Sexton enlisted as a private soldier. He was then only 17 years old. After three months' service he re-enlisted in the Sixty-seventh Illinois infantry volunteers and was commissioned a first lieutenant. He was later transferred to the Seventy-second Illinois and made captain of Company D. He served in Ransom's brigade, McArthur's division, Seventeenth Army Corps of the Army of Tennessee, and participated in its campaigns, sieges and battles. As a regimental commander he fought his regiment in the battles of Columbia, Duck River, Spring Hill, Franklin and Nashville and throughout the Nashville campaign. In 1865 he was on the staff of Major General A. J. Smith.

Upon the assault and capture of the Spanish fort, Mobile, Ala. April 8, 1895, he had his left leg broken below the knee, being struck by a piece of shell. He was wounded at the battle of Franklin and at the battle of Nashville.

After the war he remained two years in Alabama, working a plantation near Montgomery. In 1867 he returned to Chicago and founded the firm of J. A. & C. T. Sexton. In 1872, after the Chicago fire, this firm was succeeded by Grubb, Sexton & Co., and is still manufacturing stoves, hollow ware, etc.

President Harrison made him postmaster of Chicago in April, 1893. He is an active worker in the Grand Army, the military order of the Loyal Legion and other soldier and army societies. He is a past commander of the department of Illinois, G. A. R.

The next encampment will be held in Philadelphia.

BASHI BAZOOKS

Committing Excesses at Candia—Three Hundred Native Christians Killed.

Athens, Sept. 9.—The following dispatch was received last evening from Candia: "The Bashi Bazooks are committing excesses and the Christians in the surrounding districts are arming to march to the assistance of the Candians. There are eight war ships in the harbor and a fresh bombardment is expected. The British, German and Spanish consulates have been looted, and thus far 300 native Christians and 67 British subjects have been killed."

The Asy says it learns from an authentic source that as soon as the British troops arrive at Candia from Malta the Turkish garrison in Candia will be expelled, martial law proclaimed and the ring leaders of the riots put on trial and publicly hanged if guilty.

According to a dispatch from Candia, sent late last evening, the admirals of the international fleet have decided to compel the disarming of the Bashi Bazooks and the surrender of the instigators of the disorder.

LIETER WHEAT DEAL

Every Creditor Has Been Paid and Obligations to Banks Cancelled.

Chicago, Sept. 9.—Joseph Leiter has cleared up his famous wheat deal. Every creditor has been paid, obligations to banks, whose assistance was enlisted, have been cancelled, and 14,000,000 bushels of wheat have been liquidated since the announcement of the voluntary assignment nearly three months ago. This has been done only by great sacrifice, including the giving of mortgages on property belonging to the Leiter estate aggregating nearly \$5,500,000 in value.

A Paris dispatch says there is no foundation for the report published in this country that Count Esterhazy had committed suicide.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

The republicans of Indiana will begin the campaign in earnest next week.

There are a few yellow journals that seem to get great partisan satisfaction out of the sickness of soldiers, who went out to help fight the battles with Spain.

Chairman Butler run the populist party in 1896 as a sort of a democratic side show, but the convention at Cincinnati interferes with similar plans in 1900.

The time for the street fair is approaching rapidly and everybody should be ready for it. Just keep in mind that we are going to give the greatest street fair on record and that every one has a part to perform.

There is a small minority in the council that not infrequently use profane language to emphasize their remarks when addressing the council. Such language adds nothing to the dignity of the speaker, nor does it add to the force of his argument.

Last night's session by the city council was unnecessarily prolonged by one or two members who were unusually loquacious. They would do themselves credit as well as expedite business by talking less and to the point when they do speak. The really effective speaker knows when he has finished his argument, and sits down.

POLITICAL BREVITIES.

James W. Lewis, candidate for county clerk, is in the city today.

Jasper N. Hughes, of Jefferson county, has finally accepted the populist nomination for congress in the Fourth district. It had been reported that he would not make the race.

The State committee has made the following district assignments for September 17, the opening day of the Campaign:

District 1, Princeton, Senator Fairbanks.
District 2, Bloomington, J. Frank Hanley.
District 3, No meeting that date.
District 4, Columbus.
District 5, Danville, W. A. Ketcham.
District 6, Newcastle, W. D. Owen.
District 7, Indianapolis, A. J. Beveridge.
District 8, Elwood, John L. Griffiths.
District 9, Noblesville, C. H. Harris.
District 10, Hammond, C. B. Landis.
District 11, Wabash, R. S. Taylor.
District 12, Fort Wayne, A. J. Beveridge.
District 13, ———, Frank Posey.

A. J. Beveridge is unable to speak in two places because the Indianapolis campaign will open on Friday night and the other on Saturday night.

JUST A BIT OF THE RECORD.

The Republican party has kept faith with the big majorities that have sustained its candidates for state offices the last few years. It has rigidly adhered to an economical use of the people's money which it promised in the election of 1894 and 1896. It has done more, it has enacted laws by which the state has been greatly benefitted financially to the relief of the taxpayer. It has reduced the public debt nearly \$1,000,000, and by many thousands has lessened the payments of interest. It is not every state administration that can claim the confidence of the voters with such a good record as that.

Merely glancing at it is enough to make the voter warm in favor of the party that has cut off all fees for the use and benefit of state officers, that has by the Mull law established a rigid accounting of every item of official expense, that has shown the people that state institutions can be carried on without continuously increasing appropriations, and that while reducing the public debt and interest can pay out for maintaining war expenses \$161,000 in mobilizing, equipping and paying Indiana soldiers. Had it not been for that necessary expense the Republicans would have reduced the principal of a state debt over \$1,000,000. All this, too, was done without a cent of borrowed money. Rather the state, while paying its own debt and current expenses under Republican administration, became in this last item of expenditure a lender to the general government, for it must repay the state the money paid out for putting the national guard into war shape. The vouchers therefor have been sent to Washington and it will not be long before Indiana has the \$161,000 back in her treasury again. That will be due solely to promptness in transacting business which is no less than economy, one of the conspicuous virtues of the present state administration.

Returns relating to the tinplate industry in Great Britain, as given in The Labor Gazette, show a heavy decrease in activity and output. Compared with March of last year there is a falling off of 139 in the number of mills at work. Out of 64 tinplate works with 372 mills, 331 mills were working during March of this year, thus leaving 41 idle. The explanation is found in the large increase of homemade tinplate now being used in the United States. This is an industry which a free trade president of the United States four years ago sneered at and doubted the existence of. He probably knows better by this time.

According to the Democratic auditor of state reports, the state debt interest account of 1893 was increased \$2,000. He reported the next year that it was reduced only \$15,100, when he claims a Democratic administration had paid off \$910,000 of the debt. The next year the Republicans took charge and cut off \$56,800 from the interest charge and nearly \$1,000,000 from the state debt principal. Even a better showing than that will be made by the Republican auditor of state at the close of this fiscal year.

When one refers to the state debt it is necessary to use big figures, but big as they are they can be put in form, so no voter can go astray when he wants to give credit to the party that has within the past few years materially reduced it. That credit belongs to the Republican administration of the last four years. Anyone can take the auditor of state's report of that time and figure out when good business methods came in to lighten the burden of the people's debt.

Through the Dingley tariff the American mills are now having the privilege of manufacturing nearly all the woolen textiles required by the American people. During the McKinley period the limit of domestic manufacture was about 80 per cent of the woolsens used by this nation. Under the Dingley act, at least for the year 1898, American manufacturers have every promise that even this large percentage will be materially increased.—Glen Falls Times.

A prominent Indiana Democrat in the midst of his party's panic, when his local leaders were under arrest in Marion county, 12 years ago for forging tally sheets, exclaimed: "It is always the way. Whenever we want anything done we send for a blacksmith." This story is applicable to Democratic business methods that reduces the state debts by figures only and increases the interest account \$2,000 or more.

Since the Republicans have had charge of state affairs they have cut down the debt, lopped off unnecessary appropriations and saved enough by economical business methods to more than meet the expenses of the benevolent and penal institutions for a year, to pay officers' salaries for several years to come and to do many other things for the benefit of the people.

By requiring all fees to be paid into the treasury for the use of the state the Republicans have more than \$100,000 annually. This not only pays the yearly salaries of nine state officers, but meets the state house custodian's entire expense and pays the salaries of the tax commissioners, besides leaving a surplus of about \$30,000.

No wonder the Democrats are not saying anything about protection and the wool industry. We cannot see how this generation can be again deceived by Democratic tariff bunkers. Let the farmers remember the tariff experiences and stick to the party that protects their interests.—Schenectady Union.

If Democratic financing was such a good thing for the state, how did it come about that while there was a slight reduction of the state debt between 1890 and 1893 the interest thereon increased over \$2,000?

Brownstown Baptist Association.

The sixty-third annual session of the Brownstown Baptist association closed its meeting at Mooney yesterday. The session is said to be the best ever held in its history. The various missionary interests of the denomination were well represented and and considerable interest shown in all the discussions. The matter of mission work in the bounds of the association received a large share of attention. Rev. J. W. Clevenger, pastor of the Seymour church, was elected as moderator, and L. W. Lockman, of Mooney, was chosen clerk. The introductory sermon was preached by Rev. C. H. Bartle of Bartle, and the doctrinal sermon by Rev. A. Ogle, of Indianapolis, who was formerly pastor of the Seymour church for nearly fifteen years, and is now superintendent of missions for the Indiana state convention. His theme was "The money side of church work," and was discussed with a great deal of interest because of the practical application of the subject to every church in the association. The discussions of women's mission work by Miss S. E. Jones and Mrs. Campbell was heard with a great deal of interest. Rev. R. E. Neighbor, editor of the Baptist Outlook, and another former pastor of the Seymour church, was present in the interest of the paper.

The next meeting of the association will be held at Hayden church in September 1899. The pastors of the association also decided to hold a special meeting at Brownstown on October 4.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Sold at Wm F. Peter's drug store. 50 cents per bottle.

Give the Children a Drink

Called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Costs about 15 cents per bottle.

Of those from Seymour who attended the Baptist association at Mooney this week, part returned yesterday afternoon and the others this forenoon. Those who attended the meeting were Rev. J. W. Clevenger, Mr. and Mrs. S. H. Hudman, Mort Crabb, David Dunn, Charles Bevin, Miss Alice Cobb and Jay C. Smith.

Hi Henry.

The coming of Hi Henry's minstrels is the talk of the town. Not often does a place the size of Seymour have an opportunity to see such a performance and the indications are that the house will be crowded. There is no better organization of the kind on the road. Opera House Monday night.

What is the Best Exercise?

As to the kind of exercise that is best to take, no one kind is best. Take every kind. Some strengthen one muscle and some another. The main thing is to select the exercises which in your case best tend to produce all-around physical development. Housework will help. So will walking, bicycling, swimming, fencing, dancing, and all beautiful exercises of the gymnasium. Do a little of all of them, if you can. Don't do any one of them too much.

And so with the out-of-door exercises. A mincing or lounging gait in walking will depress and tire one, while a free, brisk step, taken with the body erect, will make one glow with pleasure and health.—From "Exercise for Women," in Demorest's Magazine for September.

Throne Threatened.

The brain is the throne of the body. If it does not control, there's insanity. Weak nerves threaten this throne. Nervousness, sleeplessness, headache, loss of appetite, melancholy, faint and dizzy spells, neuralgia, all show weak nerves. These troubles come from too great pressure of poor blood on nerve centers. Electric Bitters cures them by equalizing the circulation of the blood, which it makes pure, rich and life-giving. It stimulates stomach, liver and kidneys and expels poisonous humors. Electric Bitters are a priceless boon to a vast army of men and women with weak nerves, stomachs and kidneys, lazy livers and sluggish bowels. Only 50 cents. Sold by Wm. F. Peter, Druggist.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

The republicans of Indiana will begin the campaign in earnest next week.

There are a few yellow journals that seem to get great partisan satisfaction out of the sickness of soldiers, who went out to help fight the battles with Spain.

Chairman Butler run the populist party in 1896 as a sort of a democratic side show, but the convention at Cincinnati interferes with similar plans in 1900.

The time for the street fair is approaching rapidly and everybody should be ready for it. Just keep in mind that we are going to give the greatest street fair on record and that every one has a part to perform.

There is a small minority in the council that not infrequently use profane language to emphasize their remarks when addressing the council. Such language adds nothing to the dignity of the speaker, nor does it add to the force of his argument.

Last night's session by the city council was unnecessarily prolonged by one or two members who were unusually loquacious. They would do themselves credit as well as expedite business by talking less and to the point when they do speak. The really effective speaker knows when he has finished his argument, and sits down.

POLITICAL BREVITIES.

James W. Lewis, candidate for county clerk, is in the city today.

Jasper N. Hughes, of Jefferson county, has finally accepted the populist nomination for congress in the Fourth district. It had been reported that he would not make the race.

The State committee has made the following district assignments for September 17, the opening day of the Campaign:

District 1, Princeton, Senator Fairbanks.
District 2, Bloomington, J. Frank Hanley.
District 3, No meeting that date.
District 4, Columbus.
District 5, Danville. W. A. Ketcham.
District 6, Newcastle. W. D. Owen.
District 7, Indianapolis, A. J. Beveridge.

District 8, Elwood, John L. Griffiths.
District 9, Noblesville, C. H. Harris.
District 10, Hammond, C. B. Landis.
District 11, Wabash, R. S. Taylor.
District 12, Fort Wayne, A. J. Beveridge.
District 13, ———, Frank Posey.

A. J. Beveridge is unable to speak in two places because the Indianapolis campaign will open on Friday night and the other on Saturday night.

JUST A BIT OF THE RECORD.

The Republican party has kept faith with the big majorities that have sustained its candidates for state offices the last few years. It has rigidly adhered to an economical use of the people's money which it promised in the election of 1894 and 1896. It has done more, it has enacted laws by which the state has been greatly benefitted financially to the relief of the taxpayer. It has reduced the public debt nearly \$1,000,000, and by many thousands has lessened the payments of interest. It is not every state administration that can claim the confidence of the voters with such a good record as that.

Merely glancing at it is enough to make the voter warm in favor for the party that has cut off all fees for the use and benefit of state officers, that has by the Mull law established a rigid accounting of every item of official expense, that has shown the people that state institutions can be carried on without continuously increasing appropriations, and that while reducing the public debt and interest can pay out for maintaining war expenses \$101,000 in mobilizing, equipping and paying Indiana soldiers. Had it not been for that necessary expense the Republicans would have reduced the principal of a state debt over \$1,000,000. All this, too, was done without a cent of borrowed money. Rather the state, while paying its own debt and current expenses under Republican administration, became in this last item of expenditure a lender to the general government, for it must repay the state the money paid out for putting the national guard into war shape. The vouchers therefor have been sent to Washington and it will not be long before Indiana has the \$101,000 back in her treasury again. That will be due solely to promptness in transacting business which is no less than economy, one of the conspicuous virtues of the present state administration.

Returns relating to the tinplate industry in Great Britain, as given in The Labor Gazette, show a heavy decrease in activity and output. Compared with March of last year there is a falling off of 139 in the number of mills at work. Out of 64 tinplate works with 372 mills, 331 mills were working during March of this year, thus leaving 41 idle. The explanation is found in the large increase of homemade tinplate now being used in the United States. This is an industry which a free trade president of the United States four years ago sneered at and doubted the existence of. He probably knows better by this time.

According to the Democratic auditor of state reports, the state debt interest account of 1898 was increased \$2,000. He reported the next year that it was reduced only \$18,100, when he claimed Democratic administration had paid off \$910,000 of the debt. The next year the Republicans took charge and cut off \$56,800 from the interest charge and nearly \$1,000,000 from the state debt principal. Even a better showing than that will be made by the Republican auditor of state at the close of this fiscal year.

When one refers to the state debt it is necessary to use big figures, but big as they are they can be put in form, so no voter can go astray when he wants to give credit to the party that has within the past few years materially reduced it. That credit belongs to the Republican administration of the last four years. Anyone can take the auditor of state's report of that time and figure out when good business methods came in to lighten the burden of the people's debt.

Through the Dingley tariff the American mills are now having the privilege of manufacturing nearly all the woollen textiles required by the American people. During the McKinley period the limit of domestic manufacture was about 80 per cent of the woollens used by this nation. Under the Dingley act, at least for the year 1898, American manufacturers have every promise that even this large percentage will be materially increased.—Glen Falls Times.

A prominent Indiana Democrat in the midst of his party's panic, when its local leaders were under arrest in Marion county, 12 years ago for forging trial sheets, exclaimed: "It is always the way. Whenever we want anything done we send for a blacksmith." This story is applicable to Democratic business methods that reduces the state debts by figures only and increases the interest account \$2,000 or more.

Since the Republicans have had charge of state affairs they have cut down the debt, lopped off unnecessary appropriations and saved enough by economical business methods to more than meet the expenses of the benevolent and penal institutions for a year, to pay officers' salaries for several years to come and to do many other things for the benefit of the people.

By requiring all fees to be paid into the treasury for the use of the state the Republicans have more than \$100,000 annually. This not only pays the yearly salaries of nine state officers, but meets the state house custodian's entire expense and pays the salaries of the tax commissioners, besides leaving a surplus of about \$20,000.

No wonder the Democrats are not saying anything about protection and the wool industry. We cannot see how this generation can be again deceived by Democratic tariff bunco. Let the farmers remember the tariff experiences and stick to the party that protects their interests.—Schenectady Union.

If Democratic financing was such a good thing for the state, how did it come about that while there was a slight reduction of the state debt between 1890 and 1893 the interest thereon increased over \$2,000?

For this occasion the B. & O. S. W. will tickets to Bedford on Sept. 18 to 24th inclusive at one fare for the round trip.

Brownstown Baptist Association.

The sixty-third annual session of the Brownstown Baptist association closed its meeting at Mooney yesterday. The session is said to be the best ever held in its history. The various missionary interests of the denomination were well represented and and considerable interest shown in all the discussions. The matter of mission work in the bounds of the association received a large share of attention. Rev. J. W. Clevenger, pastor of the Seymour church, was elected as moderator, and L. W. Lockman, of Mooney, was chosen clerk. The introductory sermon was preached by Rev. C. H. Bartle of Bartle, and the doctrinal sermon by Rev. A. Ogle, of Indianapolis, who was formerly pastor of the Seymour church for nearly fifteen years, and is now superintendent of missions for the Indiana state convention. His theme was "The money side of church work," and was discussed with a great deal of interest because of the practical application of the subject to every church in the association. The discussions of women's mission work by Miss S. E. Jones and Mrs. Campbell were heard with a great deal of interest. Rev. R. E. Neighbor, editor of the Baptist Outlook, and another former pastor of the Seymour church, was present in the interest of the paper.

The next meeting of the association will be held at Hayden church in September 1899. The pastors of the association also decided to hold a special meeting at Brownstown on October 4.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Sold at Wm. F. Peter's drug store. 50 cents per bottle.

Give the Children a Drink

Called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Cash about 15 cents per 25c.

Of those from Seymour who attended the Baptist association at Mooney this week, part returned yesterday afternoon and the others this forenoon. Those who attended the meeting were Rev. J. W. Clevenger, Mr. and Mrs. S. H. Huffman, Mort Crabb, David Dunn, Charles Bevins, Miss Alice Cobb and Jay C. Smith.

Hi Henry.

The coming of Hi Henry's minstrels is the talk of the town. Not often does a place the size of Seymour have an opportunity to see such a performance and the indications are that the house will be crowded. There is no better organization of the kind on the road. Opera House Monday night.

What is the Best Exercise?

As to the kind of exercise that is best to take, no one kind is best. Take every kind. Some strengthen one muscle and some another. The main thing is to select the exercises which in your case best tend to produce all-around physical development. Housework will help. So will walking, bicycling, swimming, fencing, dancing, and all beautiful exercises of the gymnasium. Do a little of all of them, if you can. Don't do any one of them too much.

And so with the out-of-door exercises. A mincing or lounging gait in walking will depress and tire one, while a free, brisk step, taken with the body erect, will make one glow with pleasure and health.—From "Exercise for Women," in Demorest's Magazine for September.

Throne Threatened.

The brain is the throne of the body. If it does not control, there's insanity. Weak nerves threaten this throne. Nervousness, sleeplessness, headache, loss of appetite, melancholy, faint and dizzy spells, neuralgia, all show weak nerves. These troubles come from too great pressure of poor blood on nerve centers. Electric Bitters cures them by equalizing the circulation of the blood, which it makes pure, rich and life-giving. It stimulates stomach, liver and kidneys and expels poisonous humors. Electric Bitters are a priceless boon to a vast army of men and women with weak nerves, stomachs and kidneys, lazy livers and sluggish bowels. Only 50 cents. Sold by Wm. F. Peter, Druggist.

Stranger In Trouble.

A man sent here from Cincinnati to put up the bar fixtures in Henry Heckman's saloon finished his work yesterday and last night. Mr. Heckman tendered him the money but he told Heckman to keep it till this morning. The man started out and he says parties followed supposing he had the stuff in his pockets. They were fooled. He intended to go to the hotel but went south and when in front of Knox Wilson's house was touched and downed and his money, some \$25 stolen. He was found in Wilson's yard where he laid all night with his face badly disfigured. He was paid \$300 by Hackman this morning and took the train for home.

Glorious News.

Comes from Dr. D. B. C. Gile, of Washington, I. T. He writes: "Four bottles of Electric Bitters have cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face and the best doctors could give no help but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50 cents. Sold by Wm. F. Peter, Druggist.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting of the committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee

to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

The republicans of Indiana will begin the campaign in earnest next week.

There are a few yellow journals that seem to get great partisan satisfaction out of the sickness of soldiers, who went out to help fight the battles with Spain.

Chairman Butler run the populist party in 1890 as a sort of a democratic side show, but the convention at Cincinnati interferes with similar plans in 1900.

The time for the street fair is approaching rapidly and everybody should be ready for it. Just keep in mind that we are going to give the greatest street fair on record and that every one has a part to perform.

There is a small minority in the council that not infrequently use profane language to emphasize their remarks when addressing the council. Such language adds nothing to the dignity of the speaker, nor does it add to the force of his argument.

Last night's session by the city council was unnecessarily prolonged by one or two members who were unusually loquacious. They would do themselves credit as well as expedite business by talking less and to the point when they do speak. The really effective speaker knows when he has finished his argument, and sits down.

POLITICAL BREVITIES.

James W. Lewis, candidate for county clerk, is in the city today.

Jasper N. Hughes, of Jefferson county, has finally accepted the populist nomination for congress in the Fourth district. It had been reported that he would not make the race.

The State committee has made the following district assignments for September 17, the opening day of the Campaign:

District 1, Princeton, Senator Fairbanks.

District 2, Bloomington, J. Frank Hanley.

District 3, No meeting that date.

District 4, Columbus.

District 5, Danville, W. A. Ketcham.

District 6, Newcastle, W. D. Owen.

District 7, Indianapolis, A. J. Beveridge.

District 8, Elwood, John L. Griffiths.

District 9, Noblesville, C. H. Harris.

District 10, Hammond, C. B. Landis.

District 11, Wabash, R. S. Taylor.

District 12, Fort Wayne, A. J. Beveridge.

District 13, ———, Frank Posey.

A. J. Beveridge is enable to speak in two places because the Indianapolis campaign will open on Friday night and the other on Saturday night.

JUST A BIT OF THE RECORD.

The Republican party has kept faith with the big majorities that have sustained its candidates for state offices the last few years. It has rigidly adhered to an economical use of the people's money which it promised in the election of 1894 and 1896. It has done more, it has enacted laws by which the state has been greatly benefitted financially to the relief of the taxpayer. It has reduced the public debt nearly \$1,000,000, and by many thousands has lessened the payments of interest. It is not every state administration that can claim the confidence of the voters with such a good record as that.

Merely glancing at it is enough to make the voter warm in favor of the party that has cut off all fees for the use and benefit of state officers, that has by the Mull law established a rigid accounting of every item of official expense, that has shown the people that state institutions can be carried on without continuously increasing appropriations, and that while reducing the public debt and interest can pay out for maintaining war expenses \$161,000 in mobilizing, equipping and paying Indiana soldiers. Had it not been for that necessary expense the Republicans would have reduced the principal of a state debt over \$1,000,000. All this, too, was done without a cent of borrowed money. Rather the state, while paying its own debt and current expenses under Republican administration, became in this last item of expenditure a lender to the general government, for it must repay the state the money paid out for putting the national guard into war shape. The vouchers therefor have been sent to Washington and it will not be long before Indiana has the \$161,000 back in her treasury again. That will be due solely to promptness in transacting business which is no less than economy, one of the conspicuous virtues of the present state administration.

Returns relating to the tinplate industry in Great Britain, as given in The Labor Gazette, show a heavy decrease in activity and output. Compared with March of last year there is a falling off of 139 in the number of mills at work. Out of 64 tinplate works with 372 mills, 331 mills were working during March of this year, thus leaving 41 idle. The explanation is found in the large increase of homemade tinplate now being used in the United States. This is an industry which a free trade president of the United States four years ago sneered at and doubted the existence of. He probably knows better by this time.

According to the Democratic auditor of state reports, the state debt interest account of 1898 was increased \$2,000. He reported the next year that it was reduced only \$18,100, when he claims a Democratic administration had paid off \$910,000 of the debt. The next year the Republicans took charge and cut off \$56,800 from the interest charge and nearly \$1,000,000 from the state debt principal. Even a better showing than that will be made by the Republican auditor of state at the close of this fiscal year.

When one refers to the state debt it is necessary to use big figures, but big as they are they can be put in form, so no voter can go astray when he wants to give credit to the party that has within the past few years materially reduced it. That credit belongs to the Republican administration of the last four years. Anyone can take the auditor of state's report of that time and figure out when good business methods came in to lighten the burden of the people's debt.

Through the Dingley tariff the American mills are now having the privilege of manufacturing nearly all the woolen textiles required by the American people. During the McKinley period the limit of domestic manufacture was about 80 per cent of the woolens used by this nation. Under the Dingley act, at least for the year 1898, American manufacturers have every promise that even this large percentage will be materially increased.—Glen Falls Times.

A prominent Indiana Democrat in the midst of his party's panic, when its local leaders were under arrest in Marion county, 12 years ago for forging tally sheets, exclaimed: "It is always the way. Whenever we want anything done we send for a blacksmith." This story is applicable to Democratic business methods that reduces the state debts by figures only and increases the interest account \$2,000 or more.

Since the Republicans have had charge of state affairs they have cut down the debt, lopped off unnecessary appropriations and saved enough by economical business methods to more than meet the expenses of the benevolent and penal institutions for a year, to pay officers' salaries for several years to come and to do many other things for the benefit of the people.

By requiring all fees to be paid into the treasury for the use of the state the Republicans have more than \$100,000 annually. This not only pays the yearly salaries of nine state officers, but meets the state house custodian's entire expense and pays the salaries of the tax commissioners, besides leaving a surplus of about \$20,000.

No wonder the Democrats are not saying anything about protection and the wool industry. We cannot see how this generation can be again deceived by Democratic tariff bunkers. Let the farmers remember the tariff experiences and stick to the party that protects their interests.—Schenectady Union.

If Democratic financing was such a good thing for the state, how did it come about that while there was a slight reduction of the state debt between 1890 and 1893 the interest thereon increased over \$2,000?

Brownstown Baptist Association.

The sixty-third annual session of the Brownstown Baptist association closed its meeting at Mooney yesterday. The session is said to be the best ever held in its history. The various missionary interests of the denomination were well represented and and considerable interest shown in all the discussions. The matter of mission work in the bounds of the association received a large share of attention. Rev. J. W. Clevenger, pastor of the Seymour church, was elected as moderator, and L. W. Lockman, of Mooney, was chosen clerk. The introductory sermon was preached by Rev. C. H. Bartle of Bartle, and the doctrinal sermon by Rev. A. Ogle, of Indianapolis, who was formerly pastor of the Seymour church for nearly fifteen years, and is now superintendent of missions for the Indiana state convention. His theme was "The money side of church work," and was discussed with a great deal of interest because of the practical application of the subject to every church in the association. The discussions of women's mission work by Miss S. E. Jones and Mrs. Campbell was heard with a great deal of interest. Rev. R. E. Neighbor, editor of the Baptist Outlook, and another former pastor of the Seymour church, was present in the interest of the paper.

The next meeting of the association will be held at Hayden church in September 1899. The pastors of the association also decided to hold a special meeting at Brownstown on October 4.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Sold at Wm. F. Peter's drug store. 50 cents per bottle.

RAILROAD RUMBLINGS

Mart Forsythe has severed his connection with the B. & O. S. W. and left last night for Denver, Col., to accept a good position on the Denver & Rio Grande System. "He is a good man, sober and industrious."

Horace McElvain's mashed arm while out on the B. & O. S. W., is doing nicely.

Give the Children a Drink

Called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Costs about 15 cents a tin.

Of those from Seymour who attended the Baptist association at Mooney this week, part returned yesterday afternoon and the others this forenoon. Those who attended the meeting were Rev. J. W. Clevenger, Mr. and Mrs. S. H. Huffman, Mort Crabb, David Dunn, Charles Bevins, Miss Alice Cobb and Jay C. Smith.

Hi Henry.

What is the Best Exercise?

As to the kind of exercise that is best to take, no one kind is best. Take every kind. Some strengthen one muscle and some another. The main thing is to select the exercises which in your case best tend to produce all-around physical development. Housework will help. So will walking, bicycling, swimming, fencing, dancing, and all beautiful exercises of the gymnasium. Do a little of all of them, if you can. Don't do any one of them too much.

And so with the out-of-door exercises. A mincing or lounging gait in walking will depress and tire one, while a free, brisk step, taken with the body erect, will make one glow with pleasure and health.—From "Exercise for Women," in Demorest's Magazine for September.

Throne Threatened.

The brain is the throne of the body. If it does not control, there's insanity. Weak nerves threaten this throne. Nervousness, sleeplessness, headache, loss of appetite, melancholy, faint and dizzy spells, neuralgia, all show weak nerves. These troubles come from too great pressure of poor blood on nerve centers. Electric Bitters cures them by equalizing the circulation of the blood, which it makes pure, rich and life-giving. It stimulates stomach, liver and kidneys and expels poisonous humors. Electric Bitters are a priceless boon to a vast army of men and women with weak nerves, stomachs and kidneys, lazy livers and sluggish bowels. Only 50 cents. Sold by Wm. F. Peter, Druggist.

SHABBY CLOTHES

eat up a man's confidence. The poorly dressed man is afraid to push ahead—it brings his clothes into prominence and this makes him uncomfortable. He usually gets ready-to-wear clothing. Sometimes it fits him, sometimes it doesn't. It gets worn and shabby, and still he's compelled to wear it. For about the price of ready-made clothes we could have made him an elegant Fall suit perfect in style, fit and finish.

Will be our war with Spain. And you will want a permanent record of the same, a souvenir for all time. There has been many histories of the war, treating principally of the struggle between Cuba and Spain and probably carrying you as far as Dewey's victory and so forth. But you will soon be called upon to examine the sample sheets of what is to be the permanent record of our war with Spain; a beautiful souvenir, issued in one large and handsome volume, 12 inches wide by 15 inches long, the flat opening pages of which permits of its illustrations and maps being 13 by 21 inches. You cannot afford to purchase a work, the maps and large illustrations of which have to be folded in the book. You must see this work for it is truly excellent. The agent will call on you soon.

THE NEW WAY.

WOMEN used to think "female diseases" could only be treated after "local examinations" by physicians. Dread of such treatment kept thousands of women silent about their suffering. The introduction of Wine of Cardui has now demonstrated that nine-tenths of all the cases of menstrual disorders do not require a physician's attention at all. The simple, pure

Wine of Cardui

taken in the privacy of a woman's own home insures quick relief and speedy cure. Women need not hesitate now. Wine of Cardui requires no humiliating examinations for its adoption. It cures any disease that comes under the head of "female troubles"—disordered menses, falling of the womb, "whites," change of life. It makes women beautiful by making them well. It keeps them young by keeping them healthy. \$1.00 at the drug store.

For advice in cases requiring special directions, address, giving symptoms, the "Ladies' Advice Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

W. L. ADDISON, M.D., Cary, Miss., says: "I use Wine of Cardui extensively in my practice and find it a most excellent preparation for female troubles."

CITY COUNCIL.

Mayor Mills, Clerk Jennings and Attorney Lewis Take Their Places—Proceedings.

Mayor A. W. Mills called the council to order last night and presided with grace and dignity over the deliberations of the city council. City Clerk Jennings was in his place and performed his duties as one having had similar experience in the past. City Attorney Lewis also assumed his duties and answered all questions put to him with promptness.

The roll call showed Price and DeGolyer absent. The minutes of previous meeting were read and after striking out that portion relating to the repair of the sidewalk on Jeffersonville as new along a part of block O, were adopted.

Dr. Shields reported that the judiciary committee had examined the contract with Henry Moritz for the removal of slops and garbage and found that the contract was not strictly complied with. Recommended that extra teams be employed at once if necessary, also that the present contract be cancelled unless provisions fulfilled and then suit begun against bondsmen to recover damages. Report concurred in.

Same committee had examined bonds of city officers and found one correction necessary, which was made. Recommended their acceptance. Report concurred in.

Chairman Miller, of the finance committee, reported the approval of the school levy as made by the school board. The levy is the same as last year and is as follows: Tuition, 25 cents on each \$100 of taxable property in the city and 25 cents on each taxable poll; special, 20 cents on each \$100 of taxable property on the city and 25 cents on each taxable poll. Report approved.

Fire committee submitted a letter from a Chicago firm making price on an extension ladder for fire department recommending the purchase of a 50 foot ladder, costing three dollars per foot with discount for cash. Report adopted and clerk instructed to order ladder.

Chairman Brethauer, for light committee, submitted a report on petition recommending that a light be placed at the corner of Chestnut and Bruce streets. Report adopted and a resolution ordering light was passed.

By request of business men the Capital Paving and Construction Company was granted until October 3rd to begin paving the alley in block L. The request was made and granted because it was not deemed advisable to begin this work before the Street Fair.

The city attorney reported that the case of Rosa Jerrell against the city for damages had been filed and made returnable September 12. Attorney directed to take a change of venue from county.

The city treasurer's report for August was read showing a total expenditure for the month of \$1350.10 and a balance on hand September 1, of \$6415.13.

Civil engineer reported that he had made a survey to establish property line along east side of Block O, on Jeffersonville avenue and found Dr. N. M. Shipman's buildings on line as originally made, therefore there was no reason why they should be moved back. The Hotel Jonas was built back of property line purposely.

Engineer reported assessments against property abutting on Chestnut street for brick recently put down. Total cost \$1,691.50. City's part \$1,675.50. Order for city's part ordered drawn on treasury. A special committee, consisting of Shields, DeGolyer, Miller, Price and Brethauer, was appointed to hear any objection of property owners to assessments as reported by Engineer.

The street commissioner reported that he had completed work on sewer as directed and would soon have all weeds cut.

The report of the rethling clerk, J. E. McKinney was read. The report showed in detail the financial condition of the city, accounting for all moneys that had passed into the hands of the clerk since his last report, and was characteristic of the careful and painstaking work of Mr. McKinney in all his official duties.

The resolution of Huber for sidewalk on north side of Seventh from 2nd to Booth street was lost falling short of the required two-thirds vote.

Ordinance fixing tax levying for next year was introduced by Miller and read the first time.

Shepard introduced a resolution requiring that hereafter when a petition is presented for the opening of a new street a special committee be appointed to investigate utility of same before being referred to city commissioners. Adopted.

A petition for the grading and graveling of the alley through the block west of the Shields school building was presented by Shepard. The petition was signed by all the property owners along the alley. A resolution ordering the work was read but voted down. A motion to grant the prayer of the petitioners prevailed.

A resolution to improve sidewalks on Chestnut street between Second and Branch street was voted down.

A resolution to retain W. K. Marshall to assist the city attorney in trying the case of the B. & O. S. W. against the city and the Rose Jerrell damage suit, was adopted.

157TH INDIANA.

Governor Mount Reviews the Regiment at the Fair Grounds.

Indianapolis, Sept. 9.—Governor Mount's health, it is announced, is improving and he is able to be about, but refrains from taking up the work in his office for the present. Today the governor reviewed Colonel Studebaker's regiment, the One Hundred and Fifty-seventh, at the fair grounds. It had been the expressed desire of Colonel Studebaker that the governor should review the troops, but feared the condition of his health would not permit. The governor declared his intention yesterday to review the command and express his appreciation of its services, and carried out his intention, although against the advice of his physician.

Asks Judge Watkins to Send Him to the Penitentiary.

Huntington, Ind., Sept. 9.—A tramp giving the name of Luke Parsons, is on trial for burning Lafayette Sault's barn near here. Parsons admits burning the barn but says it caught from his pipe. He told Judge Watkins that he was a kleptomaniac and that he could not resist the temptation to steal anything that was movable, and also that he could only with great effort restrain himself from committing murder. Parsons asked Judge Watkins to send him to the penitentiary, in order that he might be away from such temptations.

Run Down by the Knickerbocker.

Acton, Ind., Sept. 9.—Lemuel F. Montague, aged 76 years, was run down and killed by the Knickerbocker on the Big Four at a crossing a short distance from here. He did not hear the train until it was too late to get off the track. Mr. Montague lived east of Acton park and was a pioneer farmer. He was born in Charlestown, Ind., in 1832, and has lived in the state ever since. He has a son in the One Hundred and Fifty-eighth Indiana.

Pointed to a Bird and Lost His Hand.

A CRITICAL TIME

DURING THE BATTLE OF SANTIAGO.

Sick or Well—a Rush Night and Day.

The Packers at the Battle of Santiago de Cuba were all heroes. Their heroic efforts in getting ammunition and rations to the front saved the day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23rd, says: "We all had diarrhea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our spirits in fact, I sincerely believe that at one critical time this medicine was the indirect savior of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My command and myself had the good fortune to lay in a supply of this medicine for our packtrain before we left Tampa and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by C. W. Milhous.
